"Thank you so very much for all of your never-ending help with our pool. There are very few (if any) business owners that would take time from their schedules to be so patient and kind to a frantic pool owner. The pool is running quite well thanks to you guys. Watching George take the filter apart made me even more appreciative of the work you do. If it weren't for you help, it would have been even more upsetting then it was. You fixed the problem and helped me remain calm and that's a tall order. Thank you again for all of you help. Dealing with Seahorse is the easiest, nicest thing about owning a pool. Thanks for always being there".

Sincerely,

Beth Ann Spacklen

"Bob,

Milton's doctor said he could do the pool again, so I want to tell you how much help you have been to us. We really appreciate your service. Donald and George are the best. We may need you again. Milton just wants to see if he can do it. We will let you know".

Thanks so much,

The Taylors

"Dear Bob,

Thanks so much for saving my Labor Day swim party by personally coming out to Granbury to get my pool in good shape! I enjoyed visiting with you and can see why your businesses are doing well"!

Thanks for all your help,

Trisha Thomas

"Thank you for your quick efficient service. It has always been a pleasure doing business with your company".

Tanya Koop

"Thank you for the good service. I hope all of you enjoy a good fall season and a happy Thanksgiving".

Burleson, TX

"Gentleman:

I really appreciate the help and expertise. It appears to me that we are generating chlorine, heating a spa, and the lights are shining in the pool. I am duly impressed with the expertise. Have a good day".

Sincerely,

Ed Huddleston

"Thanks so much for your service – Pool is running good!"
